

## Paper submission to Japanese Journal of Applied Physics (JJAP)

**Both JJAP Special Issue and JJAP Conference Proceedings** (online-only and fully open access journal, <http://jjapproceedings.jsap.jp/> ) **of ICSS-SILICIDE 2014** will be published. Authors should pay attention to the following items.

(a) **Contributed papers to JJAP Conference Proceedings**

General contributed papers of ICSS-SILICIDE 2014 should be submitted from the JJAP conference proceedings web site on IOP Science **by July 21**.

(b) **Review articles, Invited or Selected Papers to JJAP Special Issue**

The authors of plenary, invited lectures and speakers or authors selected by program committee should submit their review articles (RV) or regular papers (RP) to the JJAP Special Issue from the JJAP web site on IOP Science. The articles should be submitted **by Aug 31**.

(c) **The submission site for ICSS-SILICIDE 2014** will be opened not later than the end of May. See, (<http://jjap.jsap.jp/special/ESubmissionSIssue.html>)

(d) **The program number (PN) at the conference** will be required before enter the submission site. The PN will be informed by program committee not later than the end of May.

(e) **Submission: IOP Science site**, visit (<http://iopscience.iop.org/1347-4065/>), and go to [submission article] in journal link column.

(f) **ATTENTION:** when authors submit their articles from JJAP general online submission, that is a different site, their articles cannot be forwarded to our review process both for the JJAP special issue and the conference proceedings.

(g) **Publication charge**

Publication charge of all articles to be published in JJAP Conference Proceedings will be absorbed by Conference Organizer. Except for Review articles of plenary and invited lectures, all articles to be published in JJAP Special Issue will be charged by 10,000 JPY/printed page. Details, see the following site (<http://jjap.jsap.jp/authors/index.html>)

(h) We, publishing committee, strongly recommend the authors to visit the site (<http://jjap.jsap.jp/authors/index.html>) and go to "**How to write a research paper**" before preparing papers.

If any question, please contact Professor Y. Maeda (Kyutech), Chair of Publishing Committee of ICSS-SILICIDE 2014.
