

Instructions for Preparing Your Abstract and Presentation

October 12, 2020, Photonics Division, JSAP

【Style of Presentation】

- Short oral presentation (all poster presenters) (duration: within 3 minutes)
- Poster presentation

【Preparation and Submission of Abstract and Poster file for presentation】

Please prepare the following three files :

① Abstract (1-page summary): PDF

- A4 size, 1 page (Please download the template from the web-site of Photonics Division, JSAP <https://annex.jsap.or.jp/photonics/event-schedule/201220-1221>).
- Upload your file to “Paper 1” tab in the conference submission website.

Due: November 30, 2020

② Poster file: JPG or JPEG

- A0 size, 1 page
- Title, affiliation, and author names should be written in the top of the poster.
- Upload your file to “Paper 2” tab in the conference submission website.

Due: December 11, 2020

③ Slide file for short oral presentation: Any file type (PPT recommended)

- Title, affiliation, and author names should be written in the first slide.
- Number of slides should be less than or equal to 5.
- You do not need to upload the presentation file.

Just present at the conference

【Style of Short Oral Presentation】

- Please make a presentation on a ZOOM meeting. Following the program, each presenter takes the rostrum by a sequential order, and show the significance of your work.
- The next presenter should be ready for taking turn smoothly.
- The program is uploaded in early December on the website of the Photonics Workshop.

【Preparation of Poster】

- Each poster will be uploaded by the conference staff in the Remo system and the conference cite.
- You can replace the poster by yourself.
- Poster board size: width 85 cm × height 120cm

【Best poster award】

For excellent posters, the best paper awards are presented to the authors.
